## Fall Back One Hour

Daylight Savings Time Ends  
Sunday, November 3, 2024

This is also a good time to **test your smoke alarms and replace batteries**, if needed.

## Carbon Monoxide Awareness Week

**Carbon Monoxide Alarms save lives!**  
Ensure you have a working CO alarm outside each sleeping area of your home.

**November 1-7**

 **Tiny**  
Fire & Emergency Services

Carbon monoxide (CO) is a poisonous gas that is colourless, odourless, and tasteless. Having a CO alarm and testing it regularly is important. Some CO alarm models may be built into your smoke detector so you can check both simultaneously, others will be a separate alarm. This is also a great time to check the batteries in your CO alarm.
